TECHNICAL SKILLS

- Technologies: JavaScript, React js, Node.js, Express.js.
- Programming Languages: Python, C++, JavaScript
- Tools: Git, VS-Code, Postman, InfinityFree, MongoDB Atlas
- Database: MySQL, MongoDB

EXPERIENCE

Vebsika data solutions: Worked as intern for full-Stack web developer(html,css,bootstrap,php):

- ❖ Developed interactive and responsive front-end components using Bootstrap, JavaScript, HTML, and CSS to ensure compatibility across various devices.
- ❖ Maintained backend tables by performing create, update, delete, and retrieve operations, using JavaScript to refine and display necessary data to users.
- ❖ Collaborated with senior developers for code reviews and modifications, enhancing the overall quality and efficiency of the code.

PROJECTS

Restoafe [\[Link\]](#):

- Developed a dynamic restaurant website with PHP backend for menu viewing, table booking, and customer review management.
- Utilized HTML, CSS, and Bootstrap for front-end design to ensure responsiveness and user-friendliness.
- Leveraged InfinityFree platform for free hosting and database maintenance, ensuring seamless website operation.
- Integrated PHP backend for efficient data storage and retrieval, enhancing website interactivity and user engagement.

Krinati:

- Created a comprehensive e-commerce website utilizing the MERN stack, comprising Node.js, Express.js, React.js, and MongoDB for seamless functionality across the development stack.
- Engineered a robust and intuitive frontend interface leveraging React.js, ensuring a smooth user experience and dynamic content presentation.
- Implemented efficient data management and storage using MongoDB, enabling scalable and flexible handling of product information, orders, and user data for a fully functional shopping experience.

ACHIEVEMENTS AND CERTIFICATIONS

- Solved more than 500+ problems in Leetcode and CodeChef.
- Completed Full-stack web development on udemy [\[Link\]](#)
- Completed NoSql course in edx platform [\[Link\]](#)

EDUCATION

Vignan's Institute of Information and Technology Oct 2020 - Present • B.Tech in Electronics and computer Engineering,
CGPA:8.6
